

THE LEVEES

On the Lower Mississippi Show Signs of Succumbing.

The Situation at Helena, Ark., Is Pronounced Very Ticklish.

State Convicts Being Worked on the Levee at Greenville—The Town Is Six Feet Below the Level of the Waters—Situation Precarious.

MEMPHIS, Tenn., March 27.—The river Friday night stands 26.55, a slight decline for the 24 hours. Reports from southern river points Friday evening are not altogether reassuring. The situation at Helena is pronounced ticklish, and at Greenville decidedly precarious, the levees at these points showing signs of succumbing to the water pressure. Large forces are employed upon them day and night, state convicts being at Greenville in force. Gov. McLaughlin also went there Friday evening in response to a telegram. But there was a small break in the Arkansas district Friday night, but it is viewed with no particular concern.

A number of other Mississippi points report the levees somewhat critical, with water crowded over them in places, while in others they are sloughing off. Helena reiterated Friday night the charge that Desha levees had been cut, parties declaring that they saw the levee board engineer do the cutting. The main witness against the alleged levee cutting engineer says he protested, but without avail, and stood on the levee and saw his cribbs and contents, some of his live stock, fowls and household effects swept away by the water thus let through the levees.

JACKSON, Miss., March 27.—A special from Greenville says that the river was seven inches higher during 24 hours ending at noon Friday and more is coming. The town of Greenville, between which and the river there is a protection levee, is now six feet below the level of the water, but the natives have confidence in their ability to hold the fort. A letter from Greenville says:

"The levees seem strong, but the water is within nine inches of the top and rising. A break would mean the destruction of millions of dollars' worth of property in the great delta, where crops of cotton and corn have already been pitched."

SAVANNAH, Ga., March 27.—A dispatch from Valdosta, Ga., says the rapidity with which the Withlacoochee river rose Thursday night indicates that there was a water spout in the country about here. The river rose at the rate of two feet an hour and nearly twenty feet during the night. It ran over the tracks of the Plant system at Ousley station and washed away a large part of the bridge there. All traffic on that line west of this city is suspended.

Seven washouts are reported between Valdosta and Montgomery. The construction trains on both roads here are working night and day to make repairs.

A dispatch from Quitman, Ga., reports the surrounding country flooded and Quitman cut off from the outside world. Several trestles have been washed away.

JUDGE NATHANIEL C. SEARS. (Republican Candidate for Mayor of Chicago.)

Bank President Indicted.
ST. PAUL, Minn., March 27.—The grand jury Friday evening brought in an indictment against William G. Bickel, president of the Minnesota savings bank, an institution which closed its doors January 18. Several charges were made against Mr. Bickel that he had accepted deposits, but made no record of them in the books of the bank. The banker pleaded not guilty and furnished bondsmen, but Judge Kelly refused to take any action Friday night and Mr. Bickel was turned over to a deputy sheriff.

Destructive Fire at Des Moines.
DES MOINES, Ia., March 27.—The wholesale and retail millinery house of M. Riegelman & Co., suffered a loss of about \$80,000 by fire Friday afternoon. The second and third floors were burned out and the stock on the first floor was ruined by water and smoke. The insurance amounts to \$69,000. The stock was worth about \$169,000. They will resume business at once in new quarters.

IN CONGRESS.

The Senate Spends Most of the Day Behind Closed Doors—Tariff Bill in the House.

WASHINGTON, March 27.—SENATE.—With the exception of the first hour the whole of Friday's session was spent by the senate behind closed doors, where not only was the arbitration treaty discussed in some of its bearings, but also the party organization of the senate—no definite results being arrived at on either subject. During the opening session the civil service commission was subjected to another raking down at the hands of Mr. Gallinger (rep., N. H.). Resolutions of inquiry were offered and adopted as to the future disposition of the Union Pacific railway property, and as to the arrest and imprisonment of the American sailors in Cuba. At 1 p. m. the senate adjourned until Monday next.

HOUSE.—The consideration of the tariff bill under the five-minute rule, for the purpose of amendment which it was expected would be strictly business, opened with the liveliest political content of the session, lasting for nearly three hours. It began promptly on the reading of the prefatory paragraph of the bill, to which Mr. Dockery (dem., Mo.) offered an amendment authorizing the secretary of the treasury to admit free of duty any article the production and price of which was controlled by a trust in the United States. Many other amendments having the same object, to put articles controlled by trusts on the free list, were offered and on objection of Mr. Dingley all were ruled out of order. Mr. Dingley stated that when the time came to deal with the trusts the republican majority would do so, and that after passing this tariff bill, if anything remained to do, for the public interest, it would attend to that. At 5:15 p. m. the house adjourned until Saturday at 10 o'clock, having disposed of nine and one-half of the 163 pages of the bill.

PRESIDENT CISNOROS.

Of the Cuban Republic, Reported Dead—Gen. Gomez Military Dictator.

HAVANA, March 27.—It is reported here, from what is considered a reliable source, that the rumors respecting the death of President Cisnoros, of the Cuban republic, are true; that Gen. Gomez has become military dictator of the patriot government, and that Gen. Calixto Garcia has been made commander-in-chief of the army.

SEÑOR SALVADOR CISNOROS. President of the Provisional Government of the Cuban Republic.

No more welcome news has lately been received by Gen. Weyler in the palace, but it is not believed that the death of Cisnoros will have any more disastrous effect upon the Cuban cause than did the death of Maceo. Maceo's murder seemed only to add to the patriot flames.

THIRD JOINT BALLOT.

Dr. Hunter Still Two Votes Short of Election to the United States Senate.

FRANKFORT, Ky., March 27.—The third joint senatorial ballot still found Dr. W. G. Hunter two votes short, although only 65 were necessary to a choice, there being three pairs. The vote was: Hunter, 64; Blackburn, 46; Davis, 13; Boyle, 6; Stone, 1. The republicans who were paired had heretofore voted for Hunter; one was Senator Steg, who announced Thursday night that he would not vote for Hunter again. On motion of the Hunter side the joint session adjourned without taking another ballot. The republican state central committee deny the story that they have prepared an address, condemning Gov. Bradley for his course in the senatorial contest.

FRANKFORT, Ky., March 27.—A story was afloat Friday night that the anti-Hunter leaders will attempt to prevent a quorum at Saturday's joint session, owing to a persistent report that the Hunter people have secured the vote of another democrat and will attempt to elect while so many members are paired.

An Alderman Found Dead in Bed.

PITTSBURGH, Pa., March 27.—Alderman J. Rafferty, of the Sixth ward, was found dead in bed Friday. The cause of his sudden death has not yet been ascertained. He leaves a widow and two children.

The Hazelton Wreck Victims.

TERRE HAUTE, Ind., March 27.—There is little hope now of recovering the bodies of the men in the Evansville & Terre Haute wreck at Hazelton. Divers have found the bottom of the smoking car, but all the top and seats have been washed away, so that if there were any bodies beside that of Conductor Sears in the car the fact will probably never be fully established.

Another Great Refinery.

NEW YORK, March 27.—There has been a big shake-up in the office of the Brooklyn Sugar Refining Co. As a result Claus Doscher, a member of the trust and ex-president of the company, will next Monday begin the erection of a massive refinery in Long Island city with an output of 4,800 barrels a day, and the establishment may become independent of the trust.

GREECE

Protests Against the Blockade of Crete by the Powers.

It Is Declared Contrary to the Sentiments of Humanity.

Message of Gratitude Sent to Gladstone for the Stand He Has Taken—All the Powers Accept the Project to Blockade the Entire Greek Coast.

ATHENS, March 27.—The government has handed to the representatives here of the several powers a note protesting against the blockade of Crete. The note declares that in view of the bonds uniting the Greeks and the Christians of Crete the blockade, which is depriving the island of the means of provisioning itself, is contrary to the sentiments of humanity inspiring the powers.

The president of the boule, in behalf of that body, has sent to Mr. Gladstone a message of gratitude for the stand he has taken in behalf of Greece and the Cretan Christians. The message says in part:

"All your glorious life has been full of combats for justice and liberty. Now that the Hellenic nation has risen to fight in favor of Crete, which is beleaguered with blood, you come to uphold the rights of an oppressed race."

LONDON, March 27.—The Telegraph Saturday publishes a dispatch from Vienna stating that all the powers have now accepted the project to blockade the entire Greek coast, beginning with the ports of Piræus, Volo, Corinth and Arta.

ATHENS, March 27.—For some as yet unexplained reason Crown Prince Constantine, who, it was announced Thursday night, would leave Athens at 4 o'clock Friday morning to assume command of the Greek forces in Thessaly, has not yet left the city. It is now reported that he will go to the Piræus, whence he will sail for Volo, in Thessaly, Saturday evening.

LONDON, March 27.—The Canea correspondent of the Times telegraphs that many complaints are heard of the partiality shown by the powers to the Turks. He adds that Mohammedans have burned part of the village of Perivolia. Animals belonging to Turks are feeding upon the vines of Christians. The church of St. John has just been desecrated by a crowd of Moslems.

All these things are being done under the eyes of the representatives of the powers, who make no effort to stay them. The Mohammedans think that now they have European backing, they can do what they like.

The dispatch adds that the fleets at 3 o'clock Friday afternoon resumed their shelling of the Christian insurgents in the vicinity of Canea.

The Flood at Alton, Ill.

ALTON, Ill., March 27.—The floods from the upper valleys of the rivers have arrived here and the situation is very grave. Hundreds of acres of crop lands are already submerged and farmers are preparing to move in the greatest haste to higher ground.

BALTIMORE, March 27.—The jury in the case of Dr. Joseph Lutz, who has been on trial in the United States court for three days on the charge of conspiracy with Gen. Carlos Roloff to send a filibustering expedition to Cuba in July, 1895, on the steamship James Woodall, returned a verdict of guilty at noon Friday. A motion was made for a new trial.

Knocked Out in the First Round.

BUFFALO, N. Y., March 27.—The boxing contest between O. C. Philadelphia Greeks Leave for Athens.

PHILADELPHIA, March 27.—A company of 20 Greeks left here Friday for New York, whence they will sail for Port Peraz, near Athens. Many more have signified their intention of accepting the offer made by John D. Farmakis, to furnish the transportation for those unable to pay their own fare.

Flood in the Illinois River.

BEARDSTOWN, Ill., March 27.—The highwater is assuming alarming proportions. The Illinois river is four miles wide here and steadily rising. Many families living on the bottom lands have taken refuge in the bluffs. The river is within 18 inches of the disastrous flood of five years ago.
